## MARIJUANA ADVISORY COMMITTEE (MAC) CHARTER / RESPONSIBILITY

### The MAC will:

1. Develop and recommend reasonable time, place and manner land use regulations intended to mitigate the impacts of medical and recreational marijuana uses to the Board of County Commissioners (BOCC). These regulations could address sight, sound, smell, size/scale, location, security, and other impacts associated with marijuana land uses if the BOCC or voters rescind the opt-out ordinance in its entirety or in part. The BOCC expects the MAC to:
  - a. Consider the Planning Commission's recommendations.
  - b. Take a balanced and respectful approach as a member of a diverse committee with strong opinions on all sides of this important issue.
2. Review regulations adopted by other jurisdictions including legal challenges, and State Legislative action to gain a better understanding on interpretations of "reasonable regulations."
3. Comply with Oregon Public Meetings Law (information will be provided to CAC members at the first meeting) including publishing of meeting materials and opening the meetings for the public and media to attend.

### The MAC will not:

1. Discuss or recommend whether the BOCC should rescind or maintain the opt-out ordinance.
2. Address moral, social, economic, public health, or similar issues.
3. Advocate for or direct the County to commission studies of water, energy, economics, affordable housing, or any other issues.

**I certify that that the foregoing is correct to the best of my knowledge.**
