MINUTES OF WORK SESSION

DESCHUTES COUNTY BOARD OF COMMISSIONERS

MONDAY, JUNE 20, 2016

Present were Commissioners Alan Unger, Tammy Baney and Anthony DeBone. Also present were Erik Kropp, Deputy County Administrator; and Dave Doyle and Cole Sahleen, County Counsel. Attending for a portion of the meeting were Wayne Lowry, Finance; Whitney Hale, Communications; Jane Smilie, Hillary Saraceno, DeAnn Carr and Shannon Vandegriff, Health Department; Peter Russell, Community Development; and two other citizens.

Chair Unger opened the meeting at 1:30 p.m.

1. Finance Update.

Wayne Lowry advised that interest rates are up to 1.1%, which is the best it has been in years. With \$167 million, combined with a bump from the pool, this has resulted in some savings. Rates are still not strong, and market values are higher than book values.

FTE vacancies are similar to those in the past. General fund balance is higher than anticipated for the end of the year. Almost every fund is in solid shape.

The Clerk's work is a barometer of the real estate market, and this department's revenue will be up significantly. Community Development's revenue of \$6.4 million is ahead of projections by about 17%. Beginning fund balance will be much higher, with some going into reserves.

The Road fund is stable; as is Solid Waste at a 9% increase, with some going into reserves. Bonds were refinanced to take advantage of better rates. This will be effective on July 1. Most is related to Solid Waste, and it lowers the debt service. The Fair & Expo is also involved in this bond transaction.

The Health Benefits Fund will have a reduced fund balance, per previous conversations. It has done well over the past six months. Mr. Kropp said that a further reduction would need to be a Board policy decision, and this has been recommended by the consultant.

Mr. Lowry stated that Justice Court started making projections early this year that he thought were overly optimistic, but those have happened. Revenue is doing well, and the General Fund contribution has gone down.

The room tax fund information page in his report has been expanded, to show all revenue and then a breakdown of expenses and distributions. There is a reserve fund shown as well. Some funds have not yet been used for marketing and promotion.

Chair Unger asked how some resorts and hotels can show a bigger amount as tax on their website, when some of it is actually for various resort fees. Mr. Lowry stated that there are specific ways they are to show costs on customers' bills and this is often addressed when certain resorts are audited. The resorts have to break this out to know how much to send the County.

The HR software project is moving along, with many people involved.

2. Request for Board Authorization of Patrol Service Transport to Provide Secure Transport Services within Deschutes County.

DeAnn Carr gave an overview of the item, which is a certification requirement by the State to be able to transport within the County and through other counties. These are addressed when a transporter comes up for renewal. In general, an at-risk person might be transported from one hospital to another or to psychiatric facilities.

BANEY:Move approval.DEBONE:Second.

VOTE: BANEY: Yes. DEBONE: Yes. UNGER: Chair votes yes.

3. Presentation of Final Draft of Public Health Services Strategic Plan.

Jane Smilie said this is a good time to finalize the Plan and to pass the torch to the Deputy Health Directors. A PowerPoint presentation was then shown. Shannon Vandegriff led the facilitation of the strategic plan, along with others who worked on collaboration throughout the organization.

Ms. Vandegriff explained the strategic planning approach and the entities involved. She went over the process and stated goals, along with more specific actions that will be updated on an annual basis. Input was solicited from staff, supervisors, the Early Learning executive committee, the I/DD advisory group and other committees.

Commissioner Baney asked if some of this work will be incorporated in showing outcomes and goals later. Ms. Smilie said they looked at the current objectives and aligned this work with those. They used what was given and intend to expand on it.

Ms. Carr stated that there are a lot of ways to improve, but when you have too many items or ideas, those have to be prioritized. One element is a health impact pyramid showing what issues have the smallest to the largest impacts. They will focus on things that have the highest impact first.

They need to know where they are going, and this includes becoming a certified community behavioral health clinic, with physical health modernization aspects. This may mean reaching out to partners that they have not worked with before.

Hillary Saraceno said that changes in public health have had a huge impact on their work. It is anticipated that health care reform will include more efficiencies and preparedness to address newer threats. There is a shift to a greater emphasis on population health. She provided a handout that shows the basic standards and functions, which are foundational. Every local public health agency should have these pieces, whether they provide them or the work is done by another agency. The assessment has been made statewide, and they want to focus on what is happening locally. There will be regional meetings around the State. This all leads up to a legislative report and requests for funding. She is keeping a close eye on this part so that central and eastern Oregon are not shorted when it comes to funding. They revisited their mission, vision and values. There was a lot of discussion on the values portion. Strategic goals explain how they hope to get there. Originally, they had over a dozen goals, but heard that this needed to be simpler and brought back to core goals. There are now five. This will be evaluated and may change over time if appropriate.

Ms. Saraceno then explained the various strategies under each goal heading. These include measurements. This is the overall template for their plan, and there are action plans for each group.

Ms. Carr stated that they want to make sure the community has access to what it needs. The system must be streamlined and easy to use. Commissioner Baney asked if 'assuring' means this is a promise. She wondered if this should be 'ensured' instead. Ms. Saraceno stated that this verbiage was discussed a lot, and some of it depends on who provides the service. Ms. Smilie added that there is a shift away from direct service to an assurance role.

There are some functions that they will absolutely provide themselves, but they are using partners and contractors for other work. Commissioner Baney stated that this seems to encompass not just the internal role of the County but also the role of others. Ms. Smilie said that they had to include the County's contributions and decide how the rest would be provided. The County has to make sure that the services that are necessary are available. Chair Unger noted that he would agree with 'assure'.

Ms. Carr then spoke about acquiring and using resources effectively. Much of this is reliant on the accuracy of claims and data. Partnerships are also a very important piece of this.

Ms. Vandegriff added that Goal 4 has to do with how their work is done internally, but including collaboration with other agencies. Goal 5 relates to developing their workforce and enhancing a positive work culture.

Ms. Smilie stated that they use the Baldridge criteria for excellence to measure performance. There needs to be a balanced organization, and all aspects need to be considered. They need to have a strong organization to be able to deliver what is expected.

Chair Unger asked about programs regarding tobacco sales, which mostly happens in the cities. He asked if there is any way to address licensing in a seamless way. Ms. Smilie replied that the grant that would allow for this work includes a liaison with the cities.

Chair Unger asked about communications, and how Healthy Beginnings and similar programs fit in. He wants to make sure this work is not duplicated. Ms. Saraceno said this ties in with the work of the regional assessment plan, and the County will play a role in this partnership.

Chair Unger asked about the cost of the action plan and what level of services should be funded at the highest amount. Ms. Smilie said that they may pursue development of some things, but nothing is in the plan that they cannot handle. They do not plan to ask for additional funding for any of them. Ms. Carr added that some programs are pre-existing within the collaboration or public health modernization plan. There will not be duplication or parallel work being done.

Commissioner DeBone stated that this goes out to 2020. He asked if they are advocating more dollars per capita in the future. Ms. Carr replied that at the State level, there is some push-pull. They want to make sure the dollars are used properly, but Oregon is specifically going after closing the gap for mental health issues. This will be a major discussion point for the State in the future, for both treatment and prevention, including early childhood issues, poverty and housing shortages.

Commissioner Baney said that some of it involves how to deploy dollars efficiently and looking at prevention and social determinants. She thinks the State is trying to align these so everyone is pushing in the same direction. Some of this is in the political arena. The money is being spent anyway, but they just aren't calling out the specifics.

Mr. Kropp stated that some action items are in the departments' purview, but some things may become policy decisions that needs to be addressed in a timely fashion. The Board needs to be informed of what is being done and what is anticipated. The tobacco licensing issue is one of these.

Chair Unger asked about the records keeping system. Ms. Carr stated that the hospital is adopting a huge system. The County's will be smaller but compatible.

Chair Unger asked if they would be able to work more with patients, given what time it takes to plan. Ms. Carr stated this has been discussed, and they will have a balanced schedule to be able to do the necessary work.

Commissioner Baney noted that the modernization piece shows that Oregon doesn't spend what other states do. She asked if the State is planning to bring counties or regions to a specific level that is consistent throughout Oregon. There will be pieces that one county cannot do on its own. Some counties may need support. She asked how this would be handled.

Ms. Saraceno said this is a component of one section and is a foundational piece. Commissioner Baney suggested this be added to 1-A since it is critical. Ms. Saraceno noted that some could fit into one or more places. She understands that there is a shift away from doing direct services through healthcare system changes. The County is the safety net, and in some ways will remain so. Sometimes it will be just providing expertise.

Ms. Smilie stated that there are various ways to align with the regulatory pieces. 'Actively engaging regionally' puts the County in the middle of it. The selfassessment has been done, and now there will be conversations to refine roles. The funding formula has not yet been developed. It is hard to quantify the amount of money needed. The County provides more support for health per capita than the State does, and the State investing even less in the future is a concern. The next legislative session will be important in defining where this is all going.

Chair Unger asked how they balance what they need to do locally with what they are expected to do on a regional basis. Ms. Carr stated that they hope to be more efficient regionally, but getting there has a price tag. It should not be regional if it is going to cost everyone more. They have success with some regional approaches, but not all; it depends on demand and requirements. Some issues are seen more in one community than others.

Chair Unger asked about next steps. Ms. Smilie said it is a living document and comments are welcome, or the Board can approve it. Ms. Saraceno stated she hopes that this document is part of the interview process for the Health Director position. The document is very close to being final. They hope to be able to move it forward at this time.

Commissioner Baney stated that the regional health improvement plan for the region should incorporate this. All of the partners have had a chance to weigh in, and all are supposed to be going in the same direction with their own strategic plans. Ms. Smilie noted that they built off this work. Commissioner Baney added that she does not think the Board has to formally improve this plan, but needs to be kept informed as it progresses.

4. Other Items.

Peter Russell said that there was a public hearing on the Bend Airport Improvement Plan. The City of Bend is adopting a preferred alternative plan and updating comprehensive plan language. The Board has discretion to call this up for a hearing or appeal. Under Code, if the Board does not call it up, it will be adopted as written by the Hearings Officer. Chair Unger asked if this information is available to review.

Commissioners Baney said that this brings things up from 2002 to today. Mr. Russell stated that helicopters are a hot button issue but the land was already identified in 2002 for this purpose. The update does not allow for any changes of the uses at the airport. Chair Unger stated that he doesn't like that the Airport cannot control what happens in the air. Commissioner Baney stated that this document relates with the uses on the ground, which are already allowed. Chair Unger noted that the frequency of use has grown. Commissioner Baney said that these were allowed uses and those cannot be taken away regardless of the level.

Mr. Russell stated there were questions about hours of operation and where the aircraft go. There were concerns about the National Guard's use of the airport for training and during emergencies. These are all beyond the purview of the City, County or State. FAA and Department of Aviation rules apply. None of this changes the land mix and what occurs on the ground there. It is a federal preemption. The zoning stays the same, and the master plan just updates what is already allowed.

Someone could appeal at a cost of about \$3,682, and would have to do so before June 29. Commissioner DeBone wants to support this work moving forward. If the Board calls it up, the fee is waived, but as of this time, no one has appealed or stated that is their intent.

Commissioner Baney asked if they can limit the number of operations. Mr. Russell stated that the County cannot limit the hours, flight pattern or use. Chair Unger said that some people want the Board to work towards a balance. Mr. Russell said the City has a flight friendly program, but it is voluntary and only the FAA can step in if there are problems. Once an aircraft leaves the ground, the County cannot do anything. These are not connected.

Commissioner Baney would like to meet with the City of Bend at some point, and talk about the plan, along with affordable housing and other mutual issues.

Mr. Russell stated that the next move would be an amendment to clarify some the uses at the airport, and to clarify the language from OAR.

Chair Unger doesn't sense that the Board wants to call this up given its limited authority. He would like to see the Hearings Officer's decision, however. Mr. Russell stated that if this is called up, it will take Board action no later than June 29. Someone else might decide to appeal before then as well.

Nick Lelack stated that the Board is meeting with the City if Bend regarding the UGB expansion on August 25. He can try to set something else up before then. The Commissioners felt that it might be difficult to schedule something between now and then.

Mr. Lelack said they are in contact with the Oregon Health Authority to notify existing medical growers about the new regulations. The OHA will do the mailing, and this should put everyone on notice.

Commissioners Baney asked how it would be handled after that. Mr. Lelack said that OHA won't give the County any contact information, so any actions will have to be complaint based. Commissioners Baney stated that she hears they are incredibly unresponsive and ineffective. She wondered how they can educate deputies so they can properly engage in the situation as well.

Mr. Kropp said he feels it is time to rescind the moratorium on Skyliners Road, since the project is now finished and there are upcoming events scheduled in that area.

Minutes of Board of Commissioners' Work Session Monday, June 20, 2016

Mr. Kropp stated that Don Senegal from Jericho Road had asked in the past about obtaining from the County a building for this nonprofit to use in Redmond. He has asked again. Mr. Kropp told him that if a tax foreclosure comes along, he can let Mr. Senegal know. Commissioner DeBone said that he does not want them sitting around waiting for this, and it might never happen. He knows Shepherd's House wants to expand its facilities to Redmond. Chair Unger said that Jericho Road had a chance to buy the old Catholic Church but never got there. The City may be able to offer opportunities as well.

Before the Board was an executive session, under ORS 192.660(2)(d), labor negotiations.

After executive session, the following action was taken.

DEBONE: Move approval of an MOU regarding overtime pay to certain employees as necessary, until the new labor agreement is in place. BANEY: Second.

VOTE: DEBONE: Yes. BANEY: Yes. UNGER: Chair votes yes.

5. Adjourn.

Being no further discussion, the meeting was adjourned at 4:00 p.m.

APPROVED this _____ Day of ____ Deschutes County Board of Commissioners. 2016 for the <u>Alan Ungu</u>

Tammy Baney, Vice Chair

Anthony DeBone, Commissioner

AGENDA REQUEST & STAFF REPORT

For Board Business Meeting of June 20, 2016, Work Session

<u>DATE</u>: June 17, 2016

FROM: Jane Smilie, Health Services Director

<u>TITLE OF AGENDA ITEM:</u>

Consideration of Board Authorization of Patrol Services Transport to Provide Secure Transport Services within Deschutes County

PUBLIC HEARING ON THIS DATE? NO

BACKGROUND AND POLICY IMPLICATIONS:

Oregon Administrative Rule 309-033-0432, Standards for the Approval of a Secure Transport Provider to Transport a Person in Custody or on Diversion to an Approved Holding Hospital or Nonhospital Facility," requires authorization by the governing body of an Oregon county in order for a secure transport provider to transport individuals within the county, pursuant to the provisions of Oregon Revised Statutes 426.228, 426.231 and 426.233 relating to the emergency care and treatment of persons with mental illness.

FISCAL IMPLICATIONS:

The costs of transporting a person as authorized under Chapter 426 of the Oregon Revised Statutes shall be the responsibility of the county whose peace officer or community mental health program director directs the authorized person to take custody of a person and to transport the person to a facility approved by the authority, but the county shall not be responsible for costs that exceed the amount provided by the state for that transportation.

RECOMMENDATION & ACTION REQUESTED:

Authorization of Patrol Services Transport to provide secure transport services within Deschutes County

ATTENDANCE: Jane Smilie, DeAnn Carr.

DISTRIBUTION OF DOCUMENTS:

Please send an electronic copy of the signed letter of authorization to Kathe Hirschman, Health Services department (katheh@deschutes.org).

PATROL SERVICES TRANSPORT

P.O. Box 1374, Bend, OR 97709 541-617-9999

May 25, 2016

Deschutes County Mental Health Jane Smiley, Director 2577 NE Courtney Drive Bend, OR 97701

Dear Ms. Smiley,

Patrol Services Transport is a secure transportation company, located in Bend, which provides non-emergent secure transports for allegedly mentally ill persons throughout Oregon. We have been providing these services since 2008.

In order to continue to provide these services in Malheur/Umatilla Counties, in compliance with OAR 309-033-0200 through 309-033-0340, General Standards for Civil Commitment and OAR 309-033-0400 through 309-033-0440, Standards for Transportation and Transfer of persons in custody or Diversion, we would like to ask you to take a moment to provide us with a Letter of Recommendation. Letters of Recommendation should be addressed and sent to:

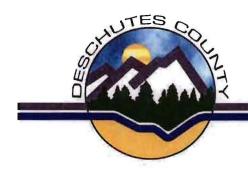

Addictions and Mental Health Division Keith Breswick, Oregon State Civil Commitment Coordinator 500 Summer Street NE E86 Salem, OR 97301-1118

Please feel free to call myself or Keith Breswick for further information regarding Patrol Services Transport.

Sincerely,

ronne

Suzanne Bowers Patrol Services Transport, LLC

June 13, 2016

Keith Breswick, MS Civil Commitment Coordinator Addictions & Mental Health Division 500 Summer Street, NE, E86 Salem, OR 97301-1118

Dear Mr. Breswick:

Based on the provisions of OAR 309-033-0432, Standards for the Approval of a Secure Transport Provider to Transport a Person in Custody or On Diversion to an Approved Holding Hospital or Nonhospital Facility," Deschutes County Health Services recommends the State of Oregon's Addictions & Mental Health Division approve the certification of Patrol Services Transport to transport persons in custody or on diversion.

This letter of recommendation does not constitute an endorsement of Patrol Services Transport's services and shall not be used for any purpose other than meeting the requirement of the referenced OAR or other OARs. Deschutes County has not undertaken any investigation or evaluation of the secure transport company's operations and by this letter is expressing no opinion on the adequacy or quality of the company's services. The County relies on the State's certification process to satisfy the necessary regulation of this service.

As the Deschutes County Local Mental Health Authority, the Board of County Commissioners hereby authorizes Patrol Services Transport to transport persons in custody or on diversion within Deschutes County, pursuant to the provisions of ORS 426.228, 426.231 and 426.233.

Enhancing the lives of citizens by delivering quality services in a cost effective manner.

Keith Breswick, MS June 13, 2016 Page 2

This authorization to provide services in Deschutes County is conditioned upon Patrol Services Transport's obtaining from the State a Certificate of Approval to provide secure transport services and maintaining that certification at all times while providing the service in Deschutes County.

Sincerely,

malie

and Smille, Health Services Director Deschutes County Health Services

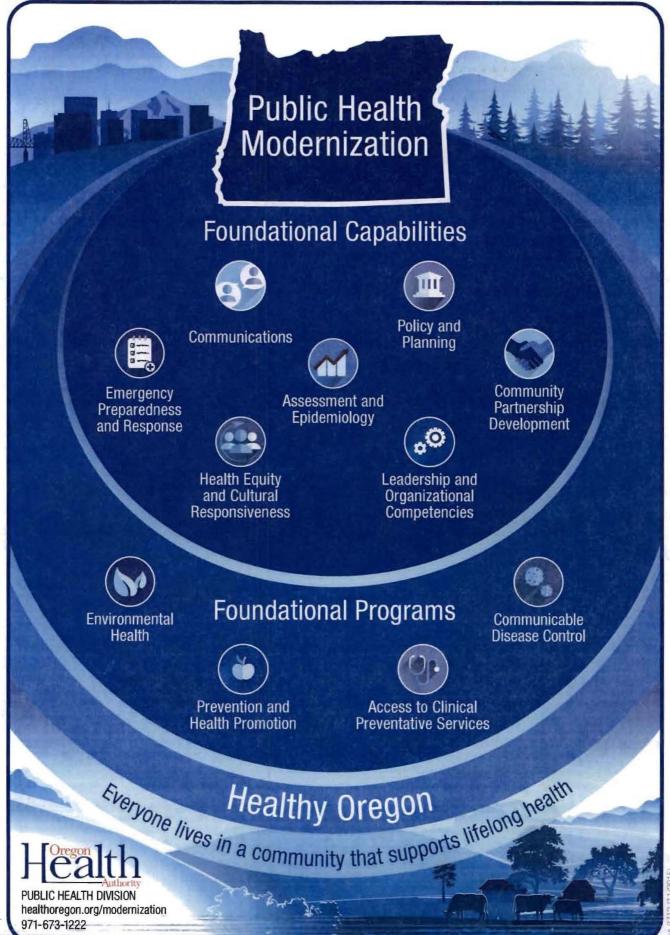

Alan Unger, Chair Deschutes County Board of County Commissioners

Tammy Baney, Vice Chair Deschutes County Board of County Commissioners

Deschutes County Health Services

DRAFT Strategic Plan 2016-2020

To promote and protect the health and safety of our community

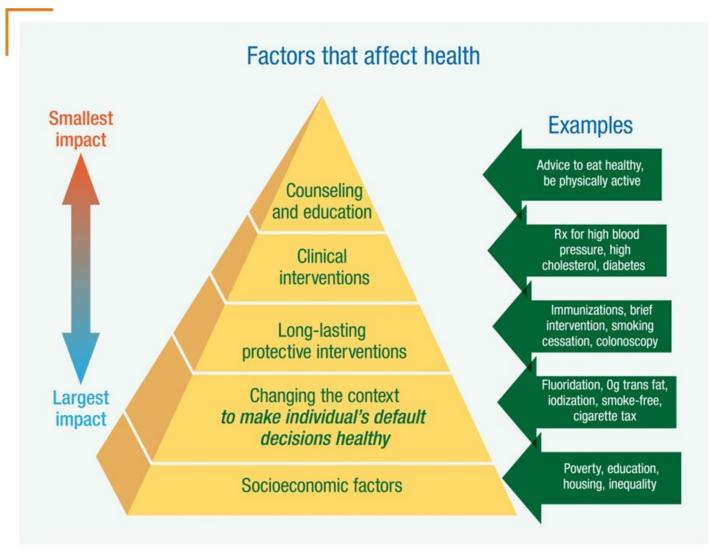

Introduction

The Deschutes County Health Services (DCHS) 2016-2020 strategic plan was developed with an intensive planning process (see Appendix A) that included input from DCHS staff and supervisors, advisory boards, the Board of County Commissioners, and the DCHS management team. The planning process is based on the principles of the Balanced Scorecard, which suggests strategic goals address four different perspectives of an organization:

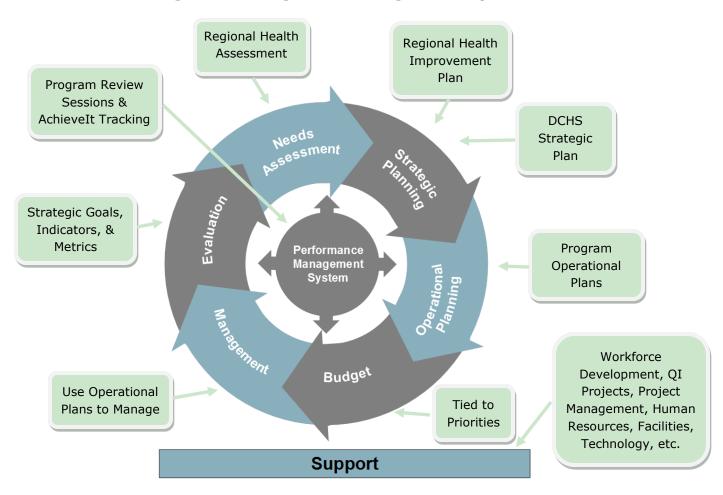

The strategic plan includes five goals with intended results/outcomes, strategies, and indicators identified for each goal. For every strategy, key actions were identified and prioritized for each year of the plan. Strategic plan actions have a regional or department level impact, including strategies from the Central Oregon Regional Health Improvement Plan (RHIP). Additionally, actions were considered through the lenses of Public Health Modernization (PH Mod.) and Certified Community Behavioral Health Clinic (CCBHC) criteria, state and federal level initiatives with potential for significant impact on DCHS. The action plan for Year 1 can be found in Appendix B.

DCHS has a record of working collaboratively with partners within Deschutes County, as well as those throughout the Central Oregon Tri-County region. When implementing new programming or expanding current work, consideration is first given to determine how regional efficiency opportunities can be maximized. DCHS is very engaged with the Central Oregon Health Council (COHC) and the Wellness and Education Board of Central Oregon (WEBCO) in determining how resources and efforts can be combined to best serve the population of Central Oregon, as well as patients, providers, the regional coordinated care organization (CCO), and all public and behavioral health organizations. The Living Well with Chronic Conditions program, administered by DCHS throughout the region since 2006, is an example of how DCHS has successfully worked with regional partners to implement sustainable programing.

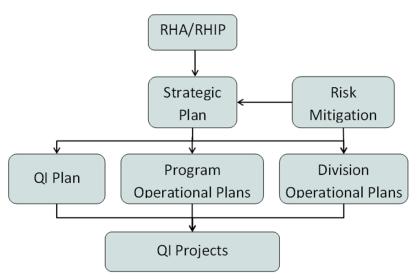

Source: Frieden, T.R. (2010). A Framework for Public Health Action: The Health Impact Pyramid. *American Journal of Public Health*, *100*(4): 509-595. Doi: 10.2105/ALPH.2009.185652 PMCID: PMC2836340

The DCHS strategic plan incorporates strategies from all levels of the Health Impact Pyramid shown above. Interventions in the top two tiers of the pyramid commonly occur in a health care setting. These interventions are essential to protect and improve an individual's health, but they often have a limited impact on the population's achievement of optimal health. Interventions in the middle and at the base of the pyramid are geared toward improving the health of the entire population by focusing on prevention, making health resources readily available, ensuring the health care system is equipped to address health needs, and enacting policy that makes healthy choices the default and addressing socioeconomic factors that affect health. These interventions can have the greatest potential to affect health because they influence the entire population, in contrast to focusing on one individual at a time. However, it may take generations to see the effects of interventions designed to change socioeconomic factors.

The strategic plan will be implemented using the DCHS Integrated Management System (IMS) (see Figure A). All DCHS programs have developed operational plans, which contain many of the key actions necessary to achieve our department goals. These operational plans will be used and reviewed regularly at the program and department level, and the strategic plan and action items will be reviewed and updated annually. All DCHS plans, including operational plans, are designed to align with one another and ensure our actions are tied to community needs and agency strategy in order to have the greatest possible impact on the health and safety of our community (see Figure B).

Figure B. Alignment of DCHS Plans

Mission To promote and protect the health and safety of our community.

Vision Deschutes County Health Services provides leadership, programs, services, education, and protections to improve the health of individuals, families and communities so people enjoy longer and healthier lives.

Values

Deschutes County Health Services promotes the following **values** in all we do:

Advocacy	Supporting individual and community health by ensuring access to health care for all.
Collaboration	Building relationships that reflect growth, authenticity, and mutual respect.
Equity & Inclusion	Demonstrating awareness and respect for the diversity in our workplace and community.
Excellence	Committing to use the best data, science, and information available to make decisions that result in high quality services.
Healthy Workplace	Promoting respectful interactions, healthy lifestyles, emotional and physical safety in work environments (<u>trauma-informed practices</u>).
Leadership	Advancing a shared vision with inspiration that guides our work at all levels of the organization and in the community.
Professionalism	Conducting oneself with the highest level of personal integrity, conduct and accountability.
Stewardship	Using public resources effectively and efficiently.

Strategic Goals

- 1. Promote Health and Prevent Disease
- 2. Assure Needed Health and Human Services
- 3. Acquire and Use Resources Effectively
- 4. Evaluate and Improve Agency Processes and Performance
- 5. Develop Workforce and Enhance Positive Organizational Culture

Goal 1. Promote Health and Prevent Disease

- Reduced prevalence and incidence of disease
- Increased healthy behaviors and improved mental health
- Decreased health disparities and increased health equity
- Health-related policies to address population health needs and disparities are implemented
- The health of Deschutes County residents is monitored regularly and critical health issues are prioritized

	Strategies	Indicators
Α.	Develop, advocate for, and implement policies that support individual and community health	 Decrease the prevalence of cigarette smoking among adults from 18% to 16% Decrease the prevalence of smoking among 11th and 8th graders from 12% and 6%, respectively, to 9% and 3%, respectively
Β.	Implement evidence-based programs and/or best practices in health promotion and prevention	 Decrease the prevalence of adults who report no leisure time physical activity from 14% to 12% Decrease the prevalence of 11th graders and 8th graders who have zero days of physical activity from 11% and 6% to 10% and 5%, respectively
C.	Provide information and education to individuals and the community	 Decrease the percentage of 8th graders who used alcohol at least once within the last 30 days from 20.9% to 18.9%
D.	Enforce laws and regulations that promote and protect health	 Decrease the percentage of 6th, 8th, and 11th graders reporting that they seriously considered attempting suicide over the past year from 7.4%, 15.0%, and 19.3%, respectively, to 6.4%, 14.0%, and 17.3%, respectively 95% of licensed facilities receive inspections by
E.	Monitor disease, health behaviors, disparities, social determinants and other factors that affect health to assure programs and services meet documented needs	 95% of incensed identics receive inspections by environmental health staff per state requirements 95% of communicable disease investigations will be completed within 10 days, as defined by the Oregon Health Authority Decrease the prevalence of 8th graders who report using marijuana at least once over the past 30 days to < 9.5%

Goal 2. Assure Needed Health and Human Services

- Increased access to services in the community and improved health through collaboration with community partners
- Clients and the community experience a streamlined and coordinated system of services

	Strategies	Indicators
Α.	Coordinate and integrate services through collaborative community partnerships	 Increase the number of women in Central Oregon who receive prenatal care beginning in the first trimester from 81% to 90%
в.	Implement, provide, and support a	 Increase the Central Oregon State Performance Measure - Child Immunization Status rate (0-24 months) from 60% to 80%
	full continuum of screening, referral, evidence-based services, and best practices	 79% of individuals discharged from a psychiatric hospital receive an outpatient behavioral health visit within 7 calendar days of discharge
		• 100% of Behavioral Health Oregon Health Plan
C.	Ensure services and environment are trauma-informed and linguistically, culturally, and developmentally appropriate	clients are seen within state timelines as specified in the following categories: 1) Emergent: Within 24 hours, 2) Urgent: Within 48 hours, and 3) Routine: Within 2 weeks
D.	Increase use and ease of access to	 90% of children and adolescents referred by DHS receive a behavioral health assessment within 60 calendar days of notification
51	appropriate services by underserved, marginalized, and at risk populations	 Increase the percent of children who receive a developmental screen before the age of 3 from 56% to 62%
Е.	Improve delivery of clinical	 Establish baseline and monitor behavioral health outcomes using ACORN tool
	preventive services	 90% of respondents to DCHS client satisfaction surveys are satisfied with staff sensitivity toward their culture and background
F.	Support client engagement and self- advocacy in the design, delivery, and effectiveness of services	 75% of reproductive health clients age 12 and older will receive an annual alcohol and drug screening using the CRAFFT or SBIRT screening tools
		 Determine the extent to which we are serving underserved, marginalized, and at risk populations — establish benchmark in Year 1

Goal 3. Acquire and Use Resources Effectively

- Resources are maximized to meet obligations, address strategic priorities, and support community health
- Annual revenue generated meets or exceeds annual expenses
- Capitation utilized at 100%

	Strategies		Indicators		
Α.	Increase accuracy of claims and encounter data resulting in maximum revenues and approved encounters	•	Establish a baseline and increase annually the dollar amount of non-OHP claims billed and collected		
В.	Ensure program expenses do not exceed budgeted program revenue	•	100% of programs will spend less than the amount of revenue budgeted by program		
		•	Maintain contingency funds at 8.3% of		
C.	C. Ensure all internal processes maximize revenue, increase efficiencies, and minimize		the total budget and OHP reserve funds at 25% of annual capitation		
	cost	•	Meet 100% of external fiscal audit standards		
D.	Consider state and national standards/ frameworks when making decisions about organizational priorities and resources	•	The total dollar amount of invalid behavioral health claims will not exceed 2% of the total value of behavioral health claims		
E.	Analyze data to align and allocate resources with strategic priorities	•	Develop and implement tools for close monitoring of program, division, and		
F.	Secure monetary and non-monetary resources that address identified needs		department budgets		

Goal 4. Evaluate and Improve Agency Processes and Performance

- Aligned and integrated programs, services, and plans that maximize our effectiveness
- Operating an integrated Electronic Health Record that increases efficiency and effective service delivery
- Consistent use of a project planning model
- Up-to-date and relevant policies and procedures across the agency
- Employees know standard department processes
- Balanced manager/supervisor/staff ratios
- Decisions and processes are informed by a variety of data and information sources and linked to strategic goals and outcomes
- Clear and consistent multidirectional communication

	Strategies	Indicators
Α.	Review organizational structure annually, and align to meet agency needs	 90% of respondents to DCHS client satisfaction surveys are satisfied with their experience
В.	Monitor, evaluate, and continuously improve service and program outcomes using the DCHS Integrated Management System and	 DCHS will complete four organization or division level quality improvement projects annually
	other tools	 Establish a baseline for achievement of operational plan metrics, set targets in
C.	Improve external communication process	year 2, and monitor annually
D.	Document, evaluate, and update work processes, policies, and procedures	 Maintain positive performance/findings on Triennial Review, OHA audit, OPAR audit, Public Health accreditation, and other programmatic reviews
E.	Optimize use of technology to create efficiencies, support our work, and meet agency needs	 Percentage of programs that are currently implementing evidence-based interventions — establish benchmark in Year 1
F.	Increase internal collaboration among programs and divisions	

taff & Organizational Capacity

- Opportunities to enhance career goals and skills are available
- Core competencies are identified and achieved
- Leadership development strategy and plan are in place
- Staff are aware of and understand the service array delivered across DCHS
- Employee involvement, accountability, and strong/positive interactions
- Staff share and demonstrate a common vision and purpose
- Clear responsibilities and accountable expectations
- Clear and consistent multidirectional communication

	Strategies	Indicators
Α.	Promote and sustain a safe and respectful workplace (i.e., become a certified trauma- informed organization) in which every individual's role and contribution is valued	 100% of staff have individual development goals articulated in their performance evaluations 100% of positions have identified core competencies
В.	Attract, develop, and retain a talented workforce	 Percent of staff who rate their overall level of job satisfaction as "very satisfied" or "satisfied" — establish
C.	Empower staff to share responsibility for team and organizational culture and outcomes	 benchmark in Year 1 Percent of staff who rate their level of satisfaction with internal communication as "very satisfied" or "satisfied" —
D.	Develop leadership practices that cultivate healthy relationships, teams, and organization	 establish benchmark in Year 1 100% of facilities have at least one completed safety and emergency response drill annually
E.	Improve internal communication process	 Monitor retention rate and review quarterly 100% of staff performance evaluations are completed on time

Appendix A. Strategic Planning Process

SWOT Analysis Summary

The development of the strategic plan has included an analysis of data on health needs and trends in our county and region through the Central Oregon Regional Health Assessment, as well as this assessment of our department and the conditions in our county, region and state. We have used this information to frame our long-range goals and fulfill our mission to promote and protect the health and safety of our community. SWOT stands for Strengths, Weaknesses, Opportunities, and Threats.

Strengths (Internal)	Weaknesses (Internal)	
Passionate, highly skilled staff with strong commitment to serving clients and the community Wide array of programs and services that respond to client and community needs Internal integration of public health, behavioral health, intellectual and developmental disabilities, and administrative services Strong relationships with key partners Systematic approach to organizational development (Integrated Management System), including performance management, operational support, quality improvement/assurance and evaluation expertise	Weaknesses (Internal)Limited staffing and resources/missing critical roles (e.g., Medical Director/Child Psychiatrist)Roles and responsibilities are not clearConstant change and unclear scopeOrganizational communication needs improvement, including additional opportunities for staff to shape DCHS directionLack of adequate financial support for training and career development opportunities	
Opportunities (External)	Threats/Challenges (External)	
Healthcare transformation through Public Health Modernization and Certified Community Behavioral Health Clinics Healthcare integration in the community Collaboration and support for regional work to address needs together, including the RHIP Regional focus on social determinants of health	 High tobacco use among pregnant women Legalization of recreational marijuana use Low 2-year old up-to-date immunization rates Lack of access to healthcare (and transportation) in rural areas High suicide rate Stigma for behavioral health treatment Increasing prevalence of diabetes Financial uncertainty: increased costs/decreased funding resources/rate setting challenges Unknown impact of Public Health Modernization Competition for our work in public health and behavioral health with healthcare transformation External reputation does not consistently reflect the reality of the quality and availability of services at DCHS 	

DCHS Strategic Plan Development Timeline

Date	Item/Meeting
Jan-Aug 2015	Regional Health Assessment (RHA) development
Jun-Aug 2016	Community & stakeholder forums on health priorities in our community
Sep-Dec 2015	Regional Health Improvement Plan (RHIP) development
Mar 2016	Solicit supervisor & staff input on strategic plan in team meetings
Mar 2016	Solicit input at DCHS Advisory Board meetings
April 2016	Strategic planning sessions with management team
April 11 & 27, 2016	Staff Advisory Group sessions with the management team
May 3, 2016	1 st Draft Complete
May 5, 2016	Solicit supervisor input on draft plan at Managers & Supervisors Meeting
May 25, 2016	DCHS Advisory Boards Combined Meeting to review draft plan
June 6, 2016	Management team reviews input & revises plan as needed
June 10, 2016	2 nd Draft Complete
June 20, 2016	Present draft plan to BOCC
June 30, 2016	Final Plan Complete
July 2016	Implement DCHS 2016-2020 Strategic Plan
Ongoing	Monitor strategic plan progress and update annually

Appendix B. Action Plan — Year 1

Strategies & Key Actions	Lead	Due Date
1a. Develop, advocate for, and implement policies that support individual and	d community he	alth
1a1. Actively engage in regional/community processes to ensure DCHS leadership in health system development. (CCBHC, PH Mod.)	Director	Q2 2017
1a2. Assess the feasibility of implementation of a tobacco retail licensing program that will eliminate illegal sales to minors, prevent retailers from selling tobacco within 1000 feet of schools, raise the age of purchase to 21, and eliminate sales of flavored tobacco products. (RHIP)	T. Kuhn	Q2 2017
1a3. Increase the number of schools using the CDC School Health Index to improve their health policies and programs. (RHIP)	H. Saraceno	Q2 2017
1b. Implement evidence-based programs and/or best practices in health pro	motion and prev	vention
1b1. Identify and develop harm reduction and prevention strategies for at risk populations to reduce substance abuse and communicable disease transmission (e.g., needle exchange). (RHIP)	T. Kuhn	Q2 2017
1b2. Implement a regional Diabetes Prevention Program (DPP). (RHIP)	T. Kuhn	Q3 2016
1b3. Work with providers to increase referrals to chronic disease self-management and prevention programs. (RHIP)	T. Kuhn	Q2 2017
1c. Provide information and education to individuals and the community		
1c1. Develop and implement an annual community education plan (i.e., low risk drinking, mental health promotion). (RHIP)	T. Kuhn	Q2 2017
1c2. Promote annual well-child visits, immunizations, and developmental screenings in first 3 years of life. (RHIP)	P. Ferguson	Q2 2017
1c3. Provide education and consultation to local clinics and providers (i.e., "2As and R" or "5As" tobacco cessation counseling, Oregon Tobacco Quit Line, pregnancy intention screening with One Key Question®). (RHIP)	T. Kuhn	Q2 2017
1d. Enforce laws and regulations that promote and protect health		
1d1. Continue to build capacity and expertise for regulatory, educational, and risk mitigation environmental health activities. (PH Mod.)	T. Kuhn	Q2 2017
1e. Monitor disease, health behaviors, disparities, social determinants and of health to assure programs and services meet documented needs	ther factors that	affect
1e1. Serve as an epidemiology resource for the community and produce regular reports on health issues important to Deschutes County residents and providers. (PH Mod.)	Quality & Performance Manager	Q2 2017
1e2. Work with community partners to develop a four-year Education and Health Work Plan with emphasis on the social determinants of health and kindergarten readiness. (RHIP)	H. Saraceno	Q2 2017
2a. Coordinate and integrate services through collaborative community partr	nerships	
2a1. Identify existing referral pathways and gaps in pathways for primary care providers to use post screening for substance use disorders and mental health. (RHIP)	D. Carr	Q2 2017
2a2. Expand integration of behavioral health and public health with primary care. (CCBHC)	D. Carr	Q2 2017

Strategies & Key Actions	Lead	Due Date
2a3. Implement and coordinate the regional AFIX (Assessment, Feedback, Incentives, and eXchange) project to increase 2 year old immunization rates. (RHIP)	T. Kuhn	Q4 2016
2b. Implement, provide, and support a full continuum of screening, referra and best practices	l, evidence-base	ed services,
2b1. Increase substance use disorder services for young adults in transition and adolescents. (RHIP)	B. Flesh	Q2 2017
2b2. Implement universal nurse home visiting (e.g., Family Connects) as part of a regional perinatal continuum of care system in partnership with public health, primary care medical providers and the CCO. (RHIP)	P. Ferguson	Q2 2017
2c. Ensure services and environment are linguistically, culturally, and deve	lopmentally app	oropriate
2c1. Increase language services and best practices for use of interpreters.	Director	Q2 2017
2d. Increase use and ease of access to appropriate services by underserved populations	d, marginalized,	and at risk
2d1. Increase outreach to and intervention with vulnerable children ages 0-5 and their parents. (RHIP)	H. Saraceno	Q2 2017
2d2. Hire a behavioral health medical director. (CCBHC)	D. Carr	Q2 2017
2d3. Ensure Courtney building provides an efficient and welcoming client experience.	D. Inbody	Q2 2017
2d4. Expand evidence-based home visiting programs that work to improve family well-being and to reduce child maltreatment by coordinating services. (RHIP)	P. Ferguson	Q2 2017
2e. Improve delivery of clinical preventive services		
2e1. Work with the CCO and other health system partners to increase provisions of clinical preventive services including: immunizations, tobacco counseling and cessation, STD screening and follow-up, highly effective contraception, and early prenatal care. (RHIP) (PH Mod.)	P. Ferguson	Q2 2017
2f. Support client engagement and self-advocacy in the design, delivery, an	nd effectiveness	of services
2f1. Engage parents, youth, and/or clients through focus, support, and/or advisory groups. (CCBHC)	B. Flesh	Q2 2017
3a. Increase accuracy of claims and encounter data resulting in maximum encounters	revenues and ap	oproved
3a1. Complete paybacks/data accuracy project and monitor effectiveness.	J. Garceau	Q2 2017
3a2. Develop internal support for staff providing client services (a. coding training, b. prebilling audit "real time" feedback, c. service plan and delivery training).	Quality & Perf. Manager	Q2 2017
3b. Ensure program revenues, by funding type, match expenditures associa services	ated with progra	ams and
3b1. Reconcile program revenues to expenditures annually.	Quality & Perf. Manager	Q3 2016
3c. Ensure all internal processes maximize revenue, increase efficiencies,	and minimize co	ost
3c1. Implement service entry processes that address requirements associated with insurance types, including copays.	D. Inbody	Q2 2017
3c2. Provide additional trainings for Epic Super Users.	Operations Manager	Q2 2017

Strategies & Key Actions	Lead	Due Date	
3d. Consider state and national standards/frameworks when making decis priorities and resources	ions about orga	nizational	
3d1. Develop a process and criteria for decision-making based on the CCBHC and Public Health Modernization standards. (CCBHC, PH Mod.)	Director	Q2 2017	
3e. Analyze data to align and allocate resources with strategic priorities			
3e1. Review data annually to set program standards and adjust resources accordingly across programs to meet business needs.	D. Inbody	Q2 2017	
3e2. Establish department dashboard/data points that are tracked, analyzed and reported on monthly basis, making use of info graphics and other accessible apps.	Quality & Perf. Manager	Q2 2017	
3f. Secure monetary and non-monetary resources that address identified n	eeds		
3f1. Continue to identify, apply for, and secure public/private, local, state and federal resources to address identified and prioritized needs.	Director	Q2 2017	
4a. Review organizational structure annually, and align to meet agency nee	eds		
4a1. Incorporate organizational structure review into annual budget process using best practices.	D. Inbody	Q1 2017	
4b. Monitor, evaluate, and continuously improve service and program outco Integrated Management System and other tools	omes using the	DCHS	
4b1. Identify, pursue, and achieve/maintain national recognized performance standards and measures (e.g., Public Health Accreditation Board, CCBHC). (CCBHC)	Director	Q2 2017	
4b2. Implement ACORN tool for behavioral health programs and clients to evaluate behavioral health clinical outcomes. (CCBHC)	B. Flesh	Q4 2016	
4c. Improve external communication process			
4c1. Create and implement a department plan for external communication. (CCBHC, PH Mod.)	D. Inbody	Q2 2017	
4d. Document, evaluate, and update work processes, policies, and procedu	res		
4d1. Establish behavioral health clinical vision to guide service provision. (CCBHC)	D. Carr	Q2 2017	
4d2. Improve efficiency, effectiveness, and communication through the meeting improvement project.	Quality & Perf. Manager	Q2 2017	
4d3. Review, update, and disseminate department policies, procedures, and protocols.	D. Inbody	Q2 2017	
4e. Optimize use of technology to create efficiencies, support our work, and	d meet agency r	leeds	
4e1. Actively participate in the successful implementation of the Tyler Finance and HR system.	D. Inbody	Q2 2017	
4e2. Review technology on an annual basis to determine whether agency current and future needs are met with existing technology. If it is determined agency needs are not being met, identify needed technology.	Operations Manager	Q2 2017	
4f. Increase internal collaboration among programs and divisions			
4f1. Use IMS reporting to share information across programs and divisions.	Quality & Perf. Manager	Q2 2017	

Strategies & Key Actions	Lead	Due Date		
5a. Promote and sustain a safe and respectful workplace (i.e., become a certified trauma-informed organization) in which every individual's role and contribution is valued				
5a1. Implement trauma-informed care at DCHS and increase trauma-informed practices in the community. (RHIP) (CCBHC)	B. Flesh	Q2 2017		
5a2. Evaluate each facility's needs, uses, and safety at least once every 4 years and use the results for long term facility planning.	D. Inbody	Q2 2017		
5b. Attract, develop, and retain a talented workforce				
5b1. Define roles and responsibilities, connect to core competencies, and implement.	Operations Manager	Q2 2017		
5b2. Develop and implement staff appreciation and recognition process.	J. Garceau	Q2 2017		
5b3. Enhance and maintain workforce development plan.	Operations Manager	Q2 2017		
5b4. Develop and implement a training plan for all divisions. (CCBHC, PH Mod.)	Operations Manager	Q2 2017		
5b5. Develop and implement grant writing capacity, support, and training.	D. Inbody	Q2 2017		
5c. Empower staff to share responsibility for team and organizational cult	ire and outcome	S		
5c1. Develop method to determine time availability for staff and teams to participate on projects, committees, and non-core duties.	D. Inbody	Q2 2017		
5d. Develop leadership practices that cultivate healthy relationships, teams, and organization				
5d1. Provide information and education to county decision-makers about programs, services, system changes, and accomplishments on a regular basis.	Director	Q2 2017		
5e. Improve internal communication process				
5e1. Create and implement a department plan for internal communication.	D. Inbody	Q2 2017		

WORK SESSION AGENDA

DESCHUTES COUNTY BOARD OF COMMISSIONERS

1:30 P.M., MONDAY, JUNE 20, 2016

Pursuant to ORS 192.640, this agenda includes a list of the principal subjects anticipated to be addressed at the meeting. This notice does not limit the ability of the Board to address additional subjects. Meetings are subject to cancellation without notice. This meeting is open to the public and interested citizens are invited to attend.

Work Sessions allow the Board to discuss items in a less formal setting. Citizen comment is not allowed, although it may be permitted at the Board's discretion. If allowed, citizen comments regarding matters that are or have been the subject of a public hearing process will NOT be included in the official record of that hearing. Work Sessions are not normally video or audio recorded, but written minutes are taken for the record.

- 1. Finance Update Wayne Lowry
- 2. Request for Board Authorization of Patrol Service Transport to Provide Secure Transport Services within Deschutes County – *Jane Smilie; DeAnn Carr*
- 3. Present Final Draft of Public Health Services Strategic Plan Jane Smilie; Shannon Vandegriff

Board of Commissioners' Work Session Agenda

Meeting dates, times and discussion items are subject to change. All meetings are conducted in the Board of Commissioners' meeting rooms at 1300 NW Wall St., Bend, unless otherwise indicated. If you have questions regarding a meeting, please call 388-6572.

Deschutes County encourages persons with disabilities to participate in all programs and activities. To request this information in an alternate format, please call (541) 617-4747, or email <u>ken.harms@deschutes.org</u>.

4. Other Items

Executive Session, under ORS 192.660(2)(d), labor negotiations – Erik Kropp

These can be any items not included on the agenda that the Commissioners wish to discuss as part of the meeting, pursuant to ORS 192.640.

At any time during the meeting, an executive session could be called to address issues relating to ORS 192.660(2)(e), real property negotiations; ORS 192.660(2)(h), litigation; ORS 192.660(2)(d), labor negotiations; ORS 192.660(2)(b), personnel issues; or other executive session categories.

Executive sessions are closed to the public; however, with few exceptions and under specific guidelines, are open to the media.

5. Adjourn

Meeting dates, times and discussion items are subject to change. All meetings are conducted in the Board of Commissioners' meeting rooms at 1300 NW Wall St., Bend, unless otherwise indicated. If you have questions regarding a meeting, please call 388-6572.

Deschutes County encourages persons with disabilities to participate in all programs and activities. To request this information in an alternate format, please call (541) 617-4747, or email <u>ken.harms@deschutes.org</u>.
