RULES	CHECKLIST ITEM	VISIT RESULTS
BUILDING SAFETY AND SANITATION		
414-305-0820(1-3)	Lead testing of water (or alternative water source declaration) is verified by CCLD every 6 years.	EHS is not responsible for reviewing lead testing of water.
414-305-0820(5)(a-b)	If using a private well, a center must have the water tested at least once every 6 years for coliform bacteria and nitrates. Test results must show: (a) No presence of E.coli bacteria; and (b) Less than ten parts per million (ppm) for nitrates. If test results for nitrates are greater than five but less than ten ppm, the water must be retested within six months.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0810(4)	Septic system meets Department of Environmental Quality requirements. <input type="checkbox"/> Public sewer <input type="checkbox"/> Private septic system	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0830 (1) and (2)(a)	A center must provide smooth, washable, easily-cleanable walls and floors in the toileting and handwashing areas. A center must provide toilets that: (a) Are supplied with toilet paper;	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0840(1)(a-b)	A center must ensure that all toxic or potentially dangerous items, such as cleaning supplies and equipment, poisonous and toxic materials, and flammable and corrosive materials, are inaccessible to children, as defined in OAR 414-305-0100(25). (a) Toxic substances must be stored separately from medication, food service equipment, and food supplies. (b) Sanitizing and disinfecting solutions must be inaccessible to children.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0840(2)	When an environmental concern or potentially harmful environmental pollutants are identified, a certified child care center must evaluate and work collaboratively with appropriate agencies to mitigate the concern.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable

RULES	CHECKLIST ITEM	VISIT RESULTS
414-305-0840(3)	(3) A certified child care center must take steps to prevent children's exposure to the following, if they exist on the premises: (a) Lead based paint. Any building or play structure constructed before 1978 that has peeling, flaking, chalking, or failing paint must be tested for lead. If lead-based paint is found, the center must contact the Oregon Health Authority within five working days and follow their required procedures for remediation of the lead hazard. (b) Plumbing and fixtures containing lead or lead solders; (c) Asbestos; (d) Toxic mold; and (e) Other identified toxins or hazards.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0840(8) (a-b)	A center must keep the center free of insects, rodents and other pests. (a) Automatic insecticide dispensers, vaporizers, or fumigants must not be used. (b) Pest control products must not be applied or used when children are present.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0850(5) and (6) (a)	A certified child care center must keep all garbage and biocontaminant waste in non-absorbent, easily washable containers with tight-fitting lids. <input type="checkbox"/> Garbage cans and receptacles must be emptied on a daily basis and cleaned and disinfected as needed. <input type="checkbox"/> Garbage and waste must be removed from the premises at least once a week.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0810(1) and (2)	Heating and ventilation adequate and safe to operate	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0810 (12)	Doors and windows used for ventilation equipped with fine mesh screen	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
PLAYGROUND SAFETY AND SANITATION		
414-305-0920(3)	A center must keep outdoor play areas free of: <input type="checkbox"/> litter, <input type="checkbox"/> animal waste, <input type="checkbox"/> solid waste and refuse, <input type="checkbox"/> ditches, and <input type="checkbox"/> other conditions presenting a potential hazard.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
POOL		
414-305-1300(3)	Center has pool <input type="checkbox"/> Yes <input type="checkbox"/> No Approval date of Health Division pool inspection/license:	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-1300(3)(c)	Swimming pools must be maintained, cleaned and sanitized according to manufacturer instructions and Department of Health or local health jurisdiction guidelines.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable

RULES	CHECKLIST ITEM	VISIT RESULTS
MEDICATION		
414-305-1030(1)(c)	Ensure that cleaned and sanitized medication measuring devices are used when providing medication to a child care child, if applicable.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-1030(5)	A center must ensure that all medications are inaccessible to children, with child-resistant caps when available, and stored away from food.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-1030(6)	A center must keep medications requiring refrigeration in a separate tightly-covered, leakproof container clearly marked "medication" and inaccessible to children.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
INFECTION CONTROL AND CHILD HEALTH		
414-305-0660(1)	A center must clean and sanitize infant and toddler toys at least daily or more often as needed.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0850(1)(a-e)	<p>A certified child care center must routinely clean, sanitize and disinfect surfaces and objects that are frequently touched as follows:</p> <p>(a) Clean surfaces with a soap and water solution or spray cleaner and rinse before sanitizing or disinfecting;</p> <p>(b) Mix, use and store cleaners, sanitizers and disinfectants according to label directions;</p> <p>(c) Prevent the contamination of food, food-contact items and surfaces when using cleaners, sanitizers or disinfectants;</p> <p>(d) Ensure sanitizers or disinfectants have an Environmental Protection Agency registration number on the label; and</p> <p>(e) Follow label directions or ensure sanitizers and disinfectants remain on the surface for 5 minutes.</p>	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0830(4)	<p>When plumbing is unavailable to provide a handwashing sink, a certified child care center may provide a handwashing sink using a portable water supply and a sanitary catch system, with a written plan approved by a local public health department. A mechanism must be in place to prevent children from gaining access to soiled water or more than one child from washing in the same water.</p> <p>EHS: Please add location of sink(s), dates approved for use, and any additional requirements in the Approvals section.</p>	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0900(3)(e)	Mats, cots and bed linen must be properly stored so that sleeping surfaces are not touching each other unless cleaned and sanitized after each use.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable

RULES	CHECKLIST ITEM	VISIT RESULTS
414-305-0900(4)(a) and (b) (A, B)	<p>(4) A center must ensure that each child 12 months of age and older is provided with individual bedding consisting of at least a sheet or blanket.</p> <p>(a) A sheet must cover the entire resting surface.</p> <p>(b) Bedding must either be marked for use by the identified child or laundered daily.</p> <p>(A) All bedding must be thoroughly cleaned and sanitized before use by another child.</p> <p>(B) If marked for use by the individual child, the bedding must be laundered weekly or more frequently if needed.</p>	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0650(2) (e)(h)	<p>The diaper changing surface must be sturdy, non-absorbent, and washable with no tears or repairs.</p> <p>(e) The diaper changing surface must be sturdy, non-absorbent, and washable with no tears or repairs.</p> <p>(h) Each surface used for diaper changing must be kept free of all objects except for diapering items and not used for other purposes.</p>	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0650(3)	<p>A center must post and follow the diaper-changing procedure, including stand-up diapering, that has been approved by the Environmental Health Specialist (EHS).</p>	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0650(5) and (6)(a-d)	<p>A center must place wet or soiled clothing or personal items in a sealed, labeled, moisture-proof bag to send home with the child.</p> <p>(6) If a center uses cloth or reusable diapers, the soiled diapers must:</p> <p>(a) Not be rinsed;</p> <p>(b) Be placed in a securely sealed, moisture-proof bag;</p> <p>(c) Be stored in a separate disposal container; and</p> <p>(d) Be cleaned by a commercial laundry service or given daily to the child's parent or guardian.</p>	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0650(7)	<p>A center must provide a container designated for disposing of soiled diapers and diapering supplies only. The diaper disposal container must be:</p> <p>(a) Approved by the EHS</p> <p>(b) Lined with a disposable plastic trash bag;</p> <p>(c) Within arm's reach of the diaper changing area; and</p> <p>(d) Emptied, cleaned and disinfected daily or more often as needed.</p>	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
414-305-0830(3) (d-f)	<p>A center must have handwashing sinks that:</p> <p>(d) Have water that does not exceed 120°F;</p> <p>(e) Have liquid soap and paper towels within easy reach of children and dispensed in a sanitary manner with a trash container. Other hand drying options must be approved by the EHS; and</p> <p>(f) Are not used for preparation of food or drinks, dish washing, rinsing soiled clothing, cleaning equipment that is used for toileting, or for the disposal of any wastewater used in cleaning the center.</p>	<input type="checkbox"/> In Compliance <input type="checkbox"/> Not in Compliance <input type="checkbox"/> Discussed/Not Observed <input type="checkbox"/> Not Applicable
